COVID-19

At UBC Recreation Intramurals, we position the safety of our staff and participants as our top most priority. Due to the ongoing pandemic, we will continue to do so through the use of enhanced hygiene, density reduction, screening & education, and reduced touchpoints. Please note the points highlighted below:

- All staff & participants will be screened upon entering the facility each time, and must be approved to enter based on their answers to the screening questions.
- All staff are required to wear a face covering for the duration of their shift.
- All staff must maintain a distance of 3M from each other, and from participants at all times.
- If a staff member feels unwell, they must not come to their shift.
- Hand sanitizer will be made available to staff and participants.

As of today, UBC Recreation Intramurals is working towards and expecting to have the Summer Soccer League operational as of June 23, 2021. However, the unpredictability of COVID-19 and its impacts on programs and staffing levels makes this extremely challenging. Accordingly, due to the changing circumstances arising from the COVID-19 pandemic, there is uncertainty whether responsibilities will commence on the anticipated timeline. Given these unprecedented times, there is even the possibility that they may not be able to start at all.
