COVID-19

As of today, UBC Recreation Intramurals is working towards and expecting to have all Intramural leagues open/commencing for the Winter 2023 season. However, the unpredictability of COVID-19 and its impacts on programs and staffing levels makes this extremely challenging.

Accordingly, due to the changing circumstances and the ongoing uncertainty arising from the COVID-19 pandemic and the public health recommendations and directions, there is uncertainty whether responsibilities will commence on the anticipated timeline. Given these unprecedented times, there is even the possibility that they may not be able to start at all.
